NATUROPATHIC MEDICINE INFORMED CONSENT

Naturopathic medicine is the treatment and prevention of diseases by natural means. Naturopathic Doctors assess the whole person, taking into consideration physical, mental, emotional and spiritual aspects of the individual. Gentle, non-invasive techniques are generally used in order to stimulate the body's inherent healing capacity.

A number of different approaches may be used throughout the course of treatment. Treatment modalities include dietary modification, nutritional supplementation, lifestyle counselling, botanical medicine, homeopathy, traditional Chinese medicine & acupuncture, hydrotherapy, physical medicine, bioenergetics, reiki, and shamanic healing techniques.

During your initial visits, Dr. Michelle Myszko ND will take a thorough case history, perform a basic/complaint-oriented physical examination, and when indicated refer to Life Labs for laboratory testing.

Even the gentlest therapies may cause complications in certain physiological conditions. This depends dramatically, on the individual and the extent of the illness. Some therapies must be used with caution in certain conditions or diseases such as diabetes, heart/liver/kidney disease, or in young children, those taking multiple medication or pregnancy/lactation. Therefore, it is very important that you inform Dr. Michelle immediately of any disease process that you are suffering from, any medications (prescription or over-the-counter) that you are taking or if you are pregnant, suspect you are pregnant, or you are breastfeeding.

I understand that Dr. Michelle Myszko ND will answer any questions that I have to the best of her ability. I understand that the results are not guaranteed. I do not expect the doctor to be able to anticipate and explain all risks and complications. With this knowledge, I voluntarily consent to diagnostic and therapeutic procedures mentioned above for my child.

Health risks associated with Naturopathic Medicine include, but are not limited to:

- Aggravation of pre-existing symptoms during the healing process
- Allergic reactions to supplements or herbs
- Pain, bruising or injury from acupuncture
- Fainting or puncturing of an organ with acupuncture needles
- Muscle strains and sprains or disc injuries from spinal manipulation

The Naturopathic Doctor may prescribe supplements that can be purchased at the clinic or at other local options i.e. health food stores. Most insurance companies do not cover the supplements that we prescribe and dispense. I understand that fees (see fee schedule page 3 & 4) and supplements are to be paid for at the time of the consultation. As the patient, I am responsible for the total charges incurred

for each visit. I understand that a fee will be charged for any missed appointments or cancellations with less than 48 hours' notice.

I understand that a record will be kept of the health services provided for your child. This record will be kept confidential and will not be released to others unless so directed by the parent or guardian unless law requires it. I understand that I may look at my child's medical record at any time, and can request a copy of it by paying the appropriate fee. I understand that information from my medical record may be analyzed for research purposes and that my identity will be protected and kept confidential.

- I acknowledge that I have read, understand and consent to the above terms of care.
- I confirm that I am **NOT** an agent of any private, local, county, provincial or federal agency attempting to gather information without so stating.
- I agree that I will not record any of my visits with an audio or video device, without written permission.

EMAIL CONSENT:

Trillium Health Clinic offers patients the opportunity to communicate by email to support you between visits. If you choose to use email communication, you acknowledge the following:

- Due to the nature of email communication, there are inherent risks concerning privacy
- Emails concerning diagnosis or treatment will be made part of patient's medical record
- Medical advice cannot be given over email. Only clarification and communication regarding appointment times may be given.

- I consent to use email as a form of communication
- I do not consent to use email as a form of communication

By signing the consent section of this Patient Consent Form, you have agreed that you have given your informed consent for the collection, use and/or disclosure of your personal information as outlined above. I have reviewed the above information that explains how your clinic will use my personal information, and the steps being taken to protect my information. I agree that Trillium Health Clinic can collect, use and disclose personal information as set out above in the information about the Clinic's privacy policy.

CANCELLATION POLICIES & FEES

Please keep in mind, that I require 48 hours' notice to cancel or reschedule appointments. Any missed appointments are subjected to the following fees:

Missed Appointment	50% of Visit
---------------------------	---------------------

The Initial Naturopathic Visit:

Foundational Health Consultation (Adult or Pediatric)

The Foundational Health Consultation is an in depth initial naturopathic medicine appointment. In this thorough investigation, we will explore all aspects of your health including detailed health history, stress, lifestyle, diet, emotional states, how your body is functioning, your wellbeing and more. Dr. Michelle will take the guess work out of what is going on with your body and help you get the results you have been struggling to achieve. Dr. Michelle will assess, create and explain your individualized treatment program, with an action plans that include all aspects of your health. The Foundational health consultation is very thorough, so your appointment may vary from 90 mins – up to 2hrs. Please bring a list of all current medications.

The First Follow up Visit:

The first follow up visit, is always a **Comprehensive Health Consultation**, which allows time to do necessary physical exams, ask further questions, explain treatment plans and any therapeutic treatments (including acupuncture or other therapies).

Comprehensive Health Consultation

The Comprehensive Health Consultation is the standard follow up visit to continue healing your health goals and exploring deeper. In this visit Dr. Michelle is able to reassess the whole health picture, provide remedies, modify treatment programs or provide therapeutic tools like acupuncture, BIE or other healing modalities. Don't worry we will address all your concerns, track progress and continue the phases of your treatment programs in these visits.

Phone Consults or Emails

Occasional emails to answer brief questions about current prescriptions or brief symptoms that may have developed from a new prescription are included as a courtesy service to my patients. But when patients have a new health concerns that cannot wait until the next follow up visit and requires detailed answers via email or phone, then an Acute Assessment visit will be scheduled (fee). This includes creating a new prescription and answering detailed questions. This is based on Dr. Michelle's discretion and availability.

Acupuncture

Acupuncture visits will solely focus on maximizing time and benefit for acupuncture treatments based on the current treatment plan. The initial acupuncture assessment and schedule will be created during your initial visit or a Comprehensive Health Consultation and will be scheduled weekly for 6 – 8 weeks. During the acupuncture visits, we will briefly chat about how you are feeling and how the previous acupuncture treatment was and proceed to your relaxing acupuncture treatment. During these visits Dr. Michelle will not be addressing **new issues** or creating **new prescriptions**. After the 6 – 8 weeks a formal acupuncture reassessment will occur during a Comprehensive Health Consultation. For long term acupuncture treatment plans, approximately every 4 weeks, a Comprehensive Health Consultation and acupuncture will be scheduled to reassess acupuncture treatments, new symptoms/issues, to create new prescription recommendations, and an acupuncture treatment, if time permits.

Trillium Preferred Membership

Members will receive 15% discount off supplements purchased at Dr. Michelle's online dispensary or in-office for 1 year. This membership is sharable with family members of the same household who are also patients of Dr. Michelle and must use the same account.

Home Visit Travel Fee:

Home visits are available, but are limited to individuals with special circumstances (Including severe illness, weakness or frailty, and/or inability to climb stairs or other mobility issues). This service is only available for Foundational Health Consultation, Extended or Comprehensive Health Consults and for those who qualify based on Dr. Michelle’s discretion and availability. The fee includes travel time for up to 30 minutes or 40 km away from the office. The home visit travel fee is waived for those individuals who are wheel-chair bound.

Labs and Lab Results Policies

- If you are interested in getting blood work done by Dr. Michelle the payments and requisitions will be done during your appointment.
- All Lab requisition will incur the following charges:
 - Life Labs Documentation Fee \$ 14.00 **OR** ICL documentation fee \$22.00 (may vary)
 - Lab Interpretation fee \$40.00
 - Plus the cost of the individual labs tested
- Fees are subjected to change without notice
- Some labs are covered by your benefit package, call your company to find out.
- Generally the lab results will be delivered to you at your next appointment, unless the results indicate an emergency situation, then you will be contacted by phone by Dr. Michelle. If you need your results sooner you can schedule a 15 minute consultation.

FORMS OF PAYMENT ACCEPTED

Trillium Health Clinic accepts the following forms of payment for all services:

Cash	Preferred method
Cheques	Cheques will be accepted and a credit card will be kept on file in the event of a bounced check. Any cheques that bounce are subject to a \$20.00 Bounced Check Fee & the charges will be immediately charged to the credit card on file.
Visa	The last 3 minutes of the appointment will be dedicated to running credit cards and printing receipts.
Master Card	
E-mail Money Transfer	Email money transfers will be expected to be received prior to the visit. If forgotten, a credit card will be kept on file, and the payment can be paid prior to the end of the business day (5pm). If fees are not received by the end of the day, the credit card on file will be charged the full amount. Send to michellemyszko@gmail.com Auto-deposit set up
